POLICY

The Board shall govern itself and the operations of the school division through policies designed to achieve the vision of the school division.

Accordingly, the Board shall:

- Focus on strategic leadership to achieve its mission
- Cultivate a sense of group responsibility
- Be responsible for excellence in governing
- Direct and inspire the school division through the establishment of Board written policies reflecting the Board's values, beliefs, vision and mission
- Assure global policy direction is established to guide administrative practice
- Monitor its own processes and performance
- Monitor the performance of the Director of Education
- Ensure governance capability of board members through appropriate orientation and professional development.
